To Whom It May Concern:

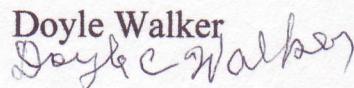

We, the elders at the Eddyville Church of Christ, are appreciative of Jerrie and Gail Barber. The time spent with us was beneficial in helping the congregation to understand that working together can bring great results for God's Kingdom. Jerrie's classes were helpful to the leaders and their wives in working with the challenges of day to day direction of the church.

Learning to Love My Friends and God's Great Servants gave us helpful suggestions to lead more effectively. It also gave other class members a glimpse of what is involved in leadership.

We recommend the interim ministry to any congregation that is willing to participate and wanting to learn to serve more effectively in the work of the Lord. Jerrie and Gail's experience are unmatched in this work and we believe they are prepared to teach and work effectively wherever they go.

Sincerely,
The Elders
